HEALTHCARE GUIDE™

WHAT IS A MEDICAL DIRECTORY?

It is an annual, easy-to-use **reference and referral** publication, providing cutting edge and local healthcare editorials, plus comprehensive listings of all area medical offices, physicians and much more. Additionally, the **directory contains each healthcare provider's National Provider Identifier (NPI) number, necessary for billing insurance companies.** It is an indispensable tool for physicians to conduct their business, and is kept on their desks and used daily as their main source for patient referrals. Loved by many in the healthcare industry, the guide is dubbed by users as the healthcare **"Bible."**
