Amputation

- ✓ According to the CDC, 38.4 million adults in the United States have diabetes.
- ✓ Every 30 seconds someone undergoes amputation as a result of diabetes, PAD, kidney disease, or a wound that won't heal.
- ✓ Amputation is not your only choice!

We have been saving legs for over a decade, with every intention of continuing until unnecessary amputations are eliminated.

About This Guide

Welcome to the *2026-2027 Jacksonville & Northeast Florida Healthcare Guide™* (JHCG), the most comprehensive healthcare reference and referral directory in the region. This one-of-a-kind guide will be your go-to resource for locating healthcare providers in Northeast Florida. We are proud to present this publication in partnership with the Duval County Medical Society (DCMS). For ease of use, JHCG identifies DCMS members as “DCMS Active” with an icon, and the current DCMS Membership Directory content can be found in our editorial section starting on page 5.

As we do in every issue, we have included information on continuing education to keep your practice up to date. That information begins on page 14.

On page 18, you can find an article about the importance of high-quality electrodiagnostic testing.

Our Green Pages™ section is an easy-to-use, comprehensive directory of all the healthcare providers in Baker, Clay, Duval, Nassau and St. Johns counties, and begins on page 21. The Green Pages include alphabetical listings on all area physicians with references to page numbers, as well as listings of physicians by specialty. Also included are area hospitals and other ancillary healthcare providers and services. If available, the listings include National Provider Identifier (NPI) numbers for further convenience.

Our goal is to present the most accurate and up-to-date information in our publication. Our Data Specialists have researched and verified the listings through June 2026. However, if your listing needs to be corrected, please complete the form on page 296 and mail it to our office or feel free to submit changes on our website at www.heritagepublishinginc.com/update-listing.

Finally, we encourage you to support our outstanding advertisers. Without their continued participation, we would not be able to produce this publication. As always, we deeply appreciate their partnership.

Dear Colleague,

It is an honor to serve as the 2025/26 President of the Duval County Medical Society (DCMS). The DCMS was the first medical society in Florida and was founded in 1853 to coordinate efforts to control and treat malaria, dengue fever and smallpox on the First Coast. Since then, the DCMS has continued its mission of “helping physicians care for the health of our community.” Most recently, DCMS members have increased flu vaccination rates through a community-wide campaign that continues to provide no-cost vaccine vouchers to uninsured individuals. They have also launched the 1853 Founders Club to connect medical residents with Jacksonville and encourage them to build their careers here, and expanded community safety efforts by offering courses to deliver Stop the Bleed training around Jacksonville.

The DCMS is also dedicated to serving the physicians in our communities. Member social events allow us to build connections with those who understand the day-to-day challenges we all face. These opportunities include membership dinners, our annual DCMS Family Day, special events for residents, Women in Medicine events and so much more!

In addition, the DCMS offers opportunities for continuing medical education (CME), along with webinars and podcasts on practice management and important topics for the practice of medicine. Annually, the DCMS and University of North Florida partner to host the International Healthcare Symposium, a multidisciplinary conference aimed at educating, engaging and connecting healthcare professionals in all disciplines through relevant sessions about challenges and opportunities in the healthcare industry. The theme for 2026 is AI and Digital Health in Action.

Through the DCMS Foundation, the LifeBridge: Confidential Physician Wellness Program provides free and confidential services to DCMS members suffering from burnout, family issues and other difficulties, as well as members seeking career and leadership coaching.

Many DCMS members are also active in regulatory and legislative advocacy efforts to help preserve the rights of members to practice medicine while maintaining high standards of care. We have members serving in leadership positions of many other professional organizations on a state and national level, as well as past presidents of the FMA, AMA and World Medical Association!

If you're a physician living or working on the First Coast, I welcome you to join us and become a member of the DCMS. If you are already a member, I thank you.

Sincerely,

Timothy G. Groover, MD, MBA, FASA, CPE, FACHE
2025/2026 President
Duval County Medical Society

DCMS 2025/2026 OFFICERS

Timothy Groover, MD, MBA, FASA, CPE, FACHE, President

Timothy G. Groover, MD, MBA, FASA, CPE, FACHE, current President of the Duval County Medical Society, serves as the Executive Vice President and System Chief Medical Officer at Baptist Health. In this role, Dr. Groover oversees the full scope of physician practice across the health system for nearly 3,000 providers and more than 200 locations. Using data-driven best practices, he continues to enhance clinical, operational and service excellence, as well as identify and eliminate health care disparities within the Baptist Health System and community.

He has been listed frequently as one of Becker's Top Chief Medical Officers to know nationally.

Since joining Baptist Health as an anesthesiologist, Dr. Groover has held numerous leadership positions, including chief of staff for Baptist Medical Center Jacksonville. He was named a Baptist Health System board member in 2014. He has served as the president of the Baptist Physician Enterprise, which includes all employed physicians ranging from primary care to more than 15 specialty and subspecialty groups. Prior to that he was senior vice president and chief medical officer for Baptist Physician Partners, a clinically integrated network of over 1,400 physicians who provide coverage for value-based care.

Dr. Groover is a Certified Physician Executive by the Certifying Commission on Medical Management, Diplomate of the American Board of Anesthesiology, a Fellow of the American Society of Anesthesiologists (FASA), a Fellow of the American College of Healthcare Executives (FACHE) and a member of the Physician Executives Forum. He serves as Chairman of The KIPP School Board of Directors, Jacksonville University and Coastal Community Health Board Member and Trustee of the Greater Refuge Temple. Dr. Groover holds a Master of Business Administration from the University of Tennessee and his medical degree from the Miller School of Medicine at the University of Miami. He is married to Brittany and has one son who is in college.

Leigh Speicher, MD, MPH, Vice-President

Leigh L. Speicher, MD, MPH, is board certified in Internal and Aerospace Medicine. She obtained her medical degree from the University of Miami School of Medicine in Miami, Florida. After serving as a flight surgeon in the U.S. Navy, she completed residencies in internal and aerospace medicine at the University of Texas Medical Branch in Galveston, Texas. She worked in the medical appeals department for the FAA prior to joining Mayo Clinic in 2012.

Dr. Speicher focuses on preventive care as a consultant in the Executive Health Program. Her academic ranking is Associate Professor of the Mayo Clinic College of Medicine. She is the Medical Director for Patient Experience and a faculty member of Communication in Healthcare. She co-directs an annual Mayo Aerospace Medicine elective, is a licensed private pilot and a Senior Federal Aviation Administration (FAA) Aeromedical Examiner. Dr. Speicher served as president of the Civil Aviation Medical Association from 2023-2025. She is a member of International Academy of Aviation and Space Medicine and a fellow of the Aerospace Medical Association, Civil Aviation Medical Association and American College of Physicians. In her free time, she enjoys spending time with family, traveling and scuba diving.

Catherine Madaffari, MD, Vice-President

Dr. Catherine Madaffari is a consultant within the Department of Community Internal Medicine at Mayo Clinic Florida, as well as Chair for the Advance Care Planning Committee at Mayo Clinic Florida. Dr. Madaffari is board certified in internal medicine and is currently enrolled in the Fellowship program at the Andrew Weil Center for Integrative Medicine. Along with serving on the DCMS Board of Directors, she also serves as Chair of the DCMS Women in Medicine Committee, is a board member of the Jacksonville American Lung Association Leadership Board, and is a fellow of the American College of Physicians. Dr. Madaffari graduated from the University of Miami School of Medicine.

F. Huson Gilberstadt, MD, CPE, FACEP, CHCQM, President-Elect

Huson Gilberstadt, MD, is the chief medical officer for UF Health St. Johns. In this role, he oversees patient care and clinical effectiveness while promoting a culture of safety and patient satisfaction.

Before joining UF Health St. Johns, he served as an addiction physician for Gateway Community Services and Florida Springs Wellness and Recovery Center. He also served as National Vice President at Ascension, where he oversaw Substance Use Disorders and Addiction, as well as Military Medicine and Behavioral Medicine Advocacy.

Prior to those roles, Dr. Gilberstadt was the Chief Clinical Officer for the Ascension Florida and Gulf Coast Markets. In this position, Dr. Gilberstadt served alongside the CEO, COO and CNO to oversee the 10 hospitals and hundreds of outpatient offices and facilities. In addition, he served as the Chief Medical Officer as well as President of St. Vincent's Riverside hospital (528 beds). He previously served as Physician Advisor for the three Ascension hospitals in Jacksonville and has been an active emergency physician since July 1994.

Dr. Gilberstadt grew up in Jacksonville and was born at St. Vincent's, as were his father and his three sons. He graduated from Ed White High School and then attended the University of Georgia. He went on to receive his medical degree from the Medical College of Georgia and completed his ED residency there as well. In his spare time, Dr. Gilberstadt enjoys hunting, fishing, tennis and, most of all, and trapping alligators. He has been married to his wife, Lisa, for 13 years, and together they have seven boys.

Veronica Antoine, MD, Secretary

Dr. Veronica M. Antoine is a board-certified Anesthesiology Pain Medicine Specialist currently practicing at Formoso Spine & Joint Pain Specialists. Dr. Antoine earned a BA degree in Chemistry at Emory University. She obtained her medical degree at the University of North Carolina, Chapel Hill School of Medicine. She then completed a residency in Anesthesiology & Critical Care Medicine and a Pain Medicine Fellowship at Johns Hopkins. After completion of her medical training, Dr. Antoine worked at Georgetown University Hospital and served as the Director of the Pain Service and Pain Medicine Fellowship for several years before moving to Hawaii and joining Kaiser Permanente. There, she served as Co-Director of the Inpatient Pain Service and Co-Chair of the Wellness & Well-being Committee. In addition, Dr. Antoine also served as a board member of the Hawaii State Physician Health Program. Dr. Antoine is currently the DCMS Secretary, chair of the DCMS Membership Committee and DCMS Wellness and Wellbeing Champion.

Ali Chahlavi, MD, Treasurer

A board-certified neurosurgeon, Dr. Ali Chahlavi brings a rigorous, research-driven approach to patient care. He earned his BS in Biochemistry from the University of California, Davis, followed by an MS in Biophysics and an MD from Georgetown University Medical Center. He then completed his general surgical internship, neurosurgical residency, neurosurgical oncology research fellowship and served as Chief Resident at the Cleveland Clinic. Dr. Chahlavi is deeply engaged in advancing healthcare quality and leadership across Northeast Florida. He serves as Director of Neuroscience at Ascension St. Vincent's across multiple campuses and is Chief of Surgery at Ascension St. Vincent's Southside. His leadership extends to numerous boards and committees, including the Duval County Medical Society, The Bolles School Board of Trustees and multiple executive and foundation roles within Ascension St. Vincent's.

HELPING PHYSICIANS CARE FOR THE HEALTH OF OUR COMMUNITY

A HISTORY OF LEADERSHIP

The Duval County Medical Society (DCMS) was founded in 1853 by Jacksonville physicians hoping to come together to solve a public health crisis. In the more than 170 years since, DCMS physicians have led the way in caring for the health of our city, state and nation. In fact, DCMS members helped to found the Florida Medical Association right here in Jacksonville. They also helped create the first Florida State Department of Health in historic Springfield.

DCMS members have been leaders in organized medicine around the world, including numerous presidents of such groups as the Florida Medical Association, the American Medical Association, the World Medical Association and specialty organizations.

By joining the DCMS, you are joining a legacy of daring and caring leaders who have helped to transform the delivery of healthcare across the world.

And the mission continues. DCMS continues to develop future leaders in healthcare with programs for everyone from residents to seasoned professionals. These programs help develop clinical, professional and leadership skills. We look forward to helping you see the future of medicine and helping you care for the health of our community.

DCMS MEMBER BENEFITS

Duval County Medical Society members have access to a number of exclusive benefits.

LifeBridge: Physician Wellness Program

In partnership with the DCMS Foundation, the LifeBridge: Physician Wellness Program is designed to address the seriousness of physician burnout. Practicing medicine can be highly stressful, and doctors face day-to-day challenges with emotional stress and work burnout, which can impact one's practice or family life. The program also offers leadership and career coaching.

By calling (904) 447-LIFE, DCMS members are connected with a certified counselor experienced in coaching healthcare professionals. No electronic records are kept and no information is disclosed. DCMS members receive six free sessions per calendar year.

CME Opportunities

The DCMS, in partnership with the DCMS Foundation, provides free continuing medical education (CME) for its members through an online CME portal and in-person events. Available 24/7 at dcmsonline.org/cme, DCMS members have the flexibility to earn credits on their schedule. Members are also invited to participate as CME authors.

The DCMS Leadership Academy and the International Healthcare Symposium also provide members and non-members the opportunity to earn CME credits. Additionally, each December, DCMS members are invited to participate in a live, online course providing the mandatory CME courses such as Prevention of Medical Errors, Domestic Violence and Florida Laws and Rules and Medical Ethics.

When it comes time to record all that CME into the CE Broker website, you can take advantage of the DCMS member discount, as well.

Advocacy

One of the most important roles of the medical society is to advocate on your behalf and keep track of the hundreds of bills introduced in Tallahassee every year that could have an impact on the delivery of healthcare in Florida. We monitor these bills, so you don't have to.

Members receive timely updates on developments during Florida's Legislative Session and throughout the year through our weekly E-newsletter and online newsfeed at dcmsonline.org/news.

Membership Events

Learn about the latest in medicine, receive updates on legislation that impacts your practice, share a meal with colleagues, bring your loved ones to Family Day and so much more. DCMS members receive free or discounted event tickets. Visit dcmsonline.org/dcmsevents to see what's next on the calendar and get involved.

DCMS Insurance Co-Op

As a DCMS member, you may be eligible to participate in the DCMS Insurance Co-Op for significant discounts on health insurance for you and your staff. Contact marissa@dcmsonline.org for more information on this program.

DCMS Career Center

Whether you're looking to expand your practice or considering a move, the DCMS Career Center is available for you. Posting a resume is free. Members can also post job openings to the site at a discounted rate. To post a job, share your CV, or review current job opportunities, visit jobs.dcmsonline.org.

Leadership Academy

The DCMS has a long history of physician leadership, from the Florida Medical Association to the World Medical Association, from pioneering private practices to hospital executives. We are committed to ensuring that the next generation of physician leaders also has a strong Duval County representation. The DCMS Leadership Academy is a program designed to give physicians the leadership skills necessary to be more effective employees, employers, board members and community leaders. The academy is open to all physicians, but DCMS members receive a substantial discount. To learn more, visit dcmsonline.org/LeadershipAcademy.

International Healthcare Symposium

The DCMS Foundation and the University of North Florida partner for the annual International Healthcare Symposium, a two-day multidisciplinary conference aimed at educating, engaging and connecting healthcare professionals about challenges and opportunities in the healthcare industry. Learn more at healthcaresymposium.domains.unf.edu.

Opportunities to Share Research

Looking for a local venue to present your research? DCMS resident and fellow members can submit posters for the judged poster presentation at the International Healthcare Symposium. This is a great opportunity to showcase your work, receive feedback from the Northeast Florida medical community and network with local physicians.

Life After Residency Program

Duval County is home to hundreds of medical residents every year, and one of the most common requests we hear is for

education about what happens *after* residency. The Life After Residency program is a seminar focused on transitioning to life after their residency program ends, as well as the business of medicine. Topics include negotiating the perfect contract, managing student loan debt and more. This annual program is free for resident and fellow members of the DCMS.

Membership Directory & Referrals

The DCMS partnership with the *Jacksonville and Northeast Florida Healthcare Guide* provides special recognition for DCMS members in the annual directory. Along with providing valuable DCMS member information, the healthcare guide acknowledges those who participate in telehealth. DCMS members also receive a discount on advertising rates for the healthcare guide.

Additionally, the online DCMS Membership Directory at dcmsonline.org is a great resource for referrals from the public.

Membership Mailing Lists

Whether you are marketing an event or changing your office location, sometimes you need to communicate with your entire referral network at once. That's where the DCMS membership mailing list can save you time and money. To order a mailing list, visit dcmsonline.org and select Request Member Mailing List under the Membership tab. Members can receive a one-time use member mailing list at a significant discount.

DCMS Calendar of Events:

DUVAL COUNTY MEDICAL SOCIETY FOUNDATION

The Duval County Medical Society (DCMS) Foundation was established by the DCMS as a nonprofit, charitable 501(c)(3) organization in 1959. The DCMS Foundation serves to improve the total health of Northeast Florida by furthering community health education and awareness.

History

The Academy of Medicine was established as a nonprofit institute of science research and learning, dealing primarily with medical science. Fifty years later, the Academy changed its name to the DCMS Foundation, Academy of Medicine Jacksonville, to more appropriately match the relationship between DCMS and its philanthropic arm.

Historically, the Foundation had a major impact on our region's health awareness through a variety of initiatives: the Jacksonville Health Education Program (JHEP), the founding and development of the Borland Medical Library, county-wide polio and rubella inoculation programs, financial and medical supply relief for international disaster victims, community education of HIV/AIDS and substance abuse, and continuing medical education for physicians, to name a few.

The DCMS also founded We Care Jacksonville in 1993 to provide a network of volunteer physicians and healthcare providers who donate care to uninsured patients. Now an independent 501(c)(3), We Care receives donated services from all major health systems in Jacksonville.

Today, the DCMS Foundation continues to make an impact in improving the health of Northeast Florida through a variety of programs:

LifeBridge: Confidential Physician Wellness

Recognized by DCMS members as one of the top member benefits, the LifeBridge: Confidential Physician Wellness Program provides free and confidential services to DCMS members suffering from burnout, family issues and other difficulties, as well as members seeking career and leadership coaching. Key highlights:

- LifeBridge provides up to six free sessions with a counselor per year to discuss any issue.
- Some physicians have expressed concern that seeking help from a mental health professional will create an electronic medical record and could impact their licensure. LifeBridge has been designed in conjunction with the Florida Board of Medicine specifically to be a pre-clinical program that does not create an electronic medical record.
- LifeBridge is completely confidential. Only your counselor will know your personal information, so it can never be reported to the DCMS, your employer, or any other group.
- LifeBridge has a diverse panel of counselors who are committed to making themselves available within 24 hours of your call. They are specially trained to work with physicians and have office space across the Jacksonville area. There are also phone and virtual options available.

To learn more and view the counselors' bios, visit our website at dcmsonline.org/lifebridge.

1853 Founders Club

The DCMS Foundation created the 1853 Founders Club, which allows physicians to invest in the future of healthcare by supporting local medical residents. By pledging \$1,853 over three years, with an initial donation of \$300 or more, physicians can help enrich the lives of young professionals while strengthening the future of organized medicine in Duval County. All funds raised for this initiative are used to provide free tickets for residents to a variety of events, from Jacksonville Icemen and Jacksonville Jumbo Shrimp games to concerts and theatrical performances.

Physicians are recognized at monthly membership meetings after making the initial pledge. Once the full pledge amount is reached, they become Platinum Members of the 1853 Founders Club, which comes with access to special lounges, cocktail hours and other benefits throughout the year.

International Healthcare Symposium

The DCMS Foundation leads the discussion on improving healthcare in Northeast Florida through the International Healthcare Symposium. In partnership with the University of North Florida, the symposium is a multidisciplinary conference designed to educate, engage and connect healthcare professionals across all fields through timely sessions. Attendees include healthcare professionals, community leaders, local politicians and representatives from nonprofit organizations.

The 2026 International Healthcare Symposium is scheduled for October 21-22, 2026, at the University of North Florida. Learn more at healthcaresymposium.domains.unf.edu.

#FluVaxJax

#FluVaxJax is a collaboration between First Coast hospitals and health systems; pharmacies; health insurance companies; safety net programs; the Florida Department of Health in Clay, Duval, Nassau and St. Johns counties; the Jacksonville Mayor's office; local media and many others, to help spread the message about the importance of flu vaccines and remove cost as a barrier to vaccination. Each year, #FluVaxJax distributes no-cost flu vaccine vouchers to individuals without health insurance on the First Coast. Visit fluvaxjax.com to learn more.

#FLUVAXJAX

Physician Education

The DCMS Foundation is committed to continuing education for physicians. The Foundation provides free CME opportunities for members to obtain and retain medical licensure. Courses are available on demand through the DCMS CME Portal at dcmsonline.org/cme.

DCMS Foundation Officers & Board of Directors:

Officers:

DCMS PREFERRED VENDOR PROGRAMS

The DCMS is constantly working to help physicians care for the health of our community. One of the most important ways we do that is finding opportunities for you to save on services you need in your practice or personal life.

Medical Malpractice

The Doctors Company

The Duval County Medical Society has selected The Doctors Company as the exclusively endorsed medical professional liability insurer for our members. The Doctors Company provides Duval County physicians with local claims, underwriting and patient safety services. *DCMS members qualify for a premium discount that can be combined with additional loss-free discounts for even greater savings.*

Benefits for DCMS Members

- 5 percent premium discount for active members
- Industry-leading patient safety tools, articles and programs, plus free web-based CME and live CME
- Protection against privacy breach through CyberGuard® cyber liability coverage and against Medicare reviews through MediGuard® regulatory risk coverage, both included as part of The Doctors Company core policy

We encourage you to find out how you can benefit by securing coverage with The Doctors Company. Contact Christian Groux, Interim Sr. Vice President, Regional Operating Officer, and Vice President, Business Development, at 904-360-3090 or email cgroux@thedoctors.com.

Continuing Medical Education

CE Broker

The Duval County Medical Society works with CE Broker to offer a service that eases the pain of reporting CME online.

CE Broker is the official continuing education tracking system for the Florida Department of Health and manages the database of CME records for all physicians in the state.

The professional service simplifies CME by:

Making License Renewal Simple

- See your renewal requirements in detail, quickly report missing CE, check your compliance status anytime, know when your requirements are fully met, find approved educational providers and receive important notifications from your regulating agency.

Staying Organized with Secure Storage

- Permanently back up your reported documents and store heart cards and multiple licenses.

Go Paperless & Go Anywhere

- Access your account through a free app, review all past course info in your Course History and digitally store all your certificates.

DCMS Members receive \$10 off all subscription plans. Contact us at dcms@dcmsonline.org for your member discount code, and then enter it in the Association Discount Code field.

Patient Assistance

Florida Rx Card

The DCMS is pleased to work with Florida Rx Card to provide our members and their patients with a prescription drug assistance program. The Florida Rx Card is free for every resident of the state, and it can be used to obtain savings of up to 80 percent on prescription drugs at most retail pharmacies.

The Florida Rx Card can be used by Florida residents who don't have prescription drug insurance, those who have high deductibles, or who take medications that are not covered by insurance. The program is completely confidential, there are no membership restrictions or income requirements or age limitations, and there are no applications to complete.

Your patients can print a free Florida Rx Card at www.floridarxcard.com. Also, your patients can request a more durable version of the card shipped to them for free by contacting info@floridarxcard.com.

Healthcare News

News Service of Florida

Do you like to keep up with the latest health policy and political news? The News Service of Florida provides daily updates on state government events, advisories on developing news, coverage of House and Senate sessions and more.

DCMS members receive a significant discount on News Service of Florida subscriptions. To take advantage of the discount, contact DCMS Executive Director Fraser Cobbe at fcobbe@cobbmanagement.com.

Continuing Education: Requirements & Licensure Renewal

NOTE: Licensees of the Florida Board of Medicine are required to renew their licenses biennially to maintain the right to practice. All Florida healthcare practitioners are required to complete electronic fingerprinting using an FDLE-approved Livescan service provider.

Allopathic (MD)

The Department of Health (DOH) divides MDs into two groups. One group holds licenses that expire at midnight, Eastern Standard Time, on Jan. 31 of even-numbered years, while the other group expires at midnight on Jan. 31 of odd-numbered years.

For other methods of obtaining continuing medical education per biennium, visit <https://flboardofmedicine.gov/renewals>.

FIRST RENEWAL	SECOND RENEWALS AND BEYOND
One hour of HIV/AIDS	Two hours of Prevention of Medical Errors (Course must include information regarding the five most misdiagnosed conditions.)
Two hours of Prevention of Medical Errors (Course must include information regarding the five most misdiagnosed conditions in Florida for the previous two years.)	Two hours of Controlled Substance Prescribing (Required for medical doctors who are registered with the U.S. Drug Enforcement Agency and authorized to prescribe controlled substances.)
	38 general CME hours, including two hours of Domestic Violence for every third biennium

Osteopathic (DO)

Current licenses expire at midnight, Eastern Standard Time, on March 31 of even-numbered years.

MILITARY EXEMPTIONS FOR MDs AND DOs

Any licensee who is a member of the U.S. military on active duty who was in good standing with the board at the time of becoming active and was entitled to practice or engage in the practice of medicine in Florida may be eligible to be exempted from renewal requirements for the duration of active duty. This also includes a period of six months after discharge but not practicing the profession in the private sector for profit. If you are the spouse of a member of the Armed Forces of the United States, you may be eligible to be exempted from licensure renewal requirements, but only in cases of absence from the state due to your spouse's duties with the Armed Forces. For more exemptions, visit <https://floridasosteopathicmedicine.gov/renewals> and <https://flboardofmedicine.gov/renewals>.

Podiatric Physician (DPM)

Current licenses expire at midnight, Eastern Standard Time, on March 31 of even-numbered years.

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
• Five hours of continuing education in the subject area of risk management, which may be obtained by attending one full day at a Florida Board of Podiatric Medicine meeting at which disciplinary hearings are conducted.	• 36 general CE hours
• Two hours of Prevention of Medical Errors	• Two hours of Prevention of Medical Errors
• One hour of Human Trafficking	• One hour of Laws and Rules
• One hour of HIV/AIDS	• One hour of Risk Management
• Two hours of Safe and Effective Prescribing of Controlled Substances	• Two hours of Safe and Effective Prescribing of Controlled Substances (Included within the 36 total general hours required.)
	• One hour of Human Trafficking (The one-time human trafficking course shall apply to all licensees and is required of new applicants in their first renewal biennium, as well as of licensees renewing to active status if the course has not already been taken. The one-hour course is included in the 36 total general hours required.)
	• One hour of HIV/AIDS (Included in the 36 total general hours required.)

Physician Assistants

Licenses for physician assistants expire at midnight, Eastern Standard Time, on Jan. 31 of even-numbered years unless renewed. Prescribing physician assistants must complete 10 hours of CME in each specialty area of the supervising physician. These hours are included in the 98 general CME hours. Effective January 1, 2017, three of the 10 specialty hours must consist of a course on the safe and effective prescribing of controlled substance medications given by a statewide professional association of physicians in this state accredited to provide educational activities designated for the American Medical Association Physician's Recognition Award Category I credit or designated by the American Academy of Physician Assistants as a Category I credit.

FIRST BIENNIUM RENEWAL	SECOND RENEWALS AND BEYOND
One hour of HIV/AIDS (Must be Category I.)	Two hours of Prevention of Medical Errors
Two hours of Prevention of Medical Errors	Two hours of Domestic Violence (Required every third biennium, included in the total 100 hours required.)
97 general CME hours or current National Commission on Certification of Physician Assistants (NCCPA) certification	98 general CME hours

There are options for you if you are not ready to give up practicing medicine and are not ready to retire. When your medical license is placed in retirement status, you are prohibited from practicing any form of medicine. However, if your license is converted to a limited license status, you can still practice medicine on a volunteer basis to provide uncompensated care for low-income residents. A limited license is restricted to areas of critical need. Since physicians are working without compensation under the limited license status, license renewal fees are waived.

Nursing (RN and LPN)

Licensees of the Florida Board of Nursing, including registered nurses (RN) and licensed practical nurses (LPN), are required to renew their licenses biennially to maintain the right to practice.

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
For the first renewal, LPNs and RNs initially licensed by examination during the current biennium are exempt from general CEU requirements.	Two hours of Florida Laws and Rules
LPNs and RNs initially licensed by endorsement during the current biennium and took the exam in another state within the biennium are also exempt from general CEU hours.	Two hours of Prevention of Medical Errors
Both those licensees must complete two hours of Prevention of Medical Errors, two hours of Florida Laws and Rules, two hours of Recognizing Impairment in the Workplace, two hours of Human Trafficking and one hour of HIV/AIDS.	Two hours of Recognizing Impairment in the Workplace (Required every other renewal.)
Initial licenses that were issued for less than 24 months are required to complete one hour for each month that the license was valid for.	Two hours of Human Trafficking (Does not have to be a Florida Board of Nursing approved course.)
First licenses are not generally valid for a full two years. If your Florida license was not issued for the full two-year biennium, you must complete one hour of CE for each month that you hold the license.	Two hours of Domestic Violence (Required every third biennium in addition to the 24 hours required for renewal.)
	16 general CE hours

When Numbness, Weakness or Pain is more than “Just a Pinched Nerve”

Why High-Quality Electrodiagnostic Testing Matters

By Travis R. von Tobel, MD, MA, Krishna R. Nalluri, MD and Aurelio A. Muzaurieta, BA, CNCT

Neuromuscular and Electrodiagnostic Medicine is the study of nerve and muscle diseases. NCS/EMG tests can help you plan the best course of care.

Signs and symptoms that may suggest a neuromuscular disorder include:

- Paresthesias (numbness, tingling, burning, etc.)
- Muscle weakness or atrophy
- Muscle cramps or fasciculations

A Better Diagnosis Leads to Better Care

Every day, patients across Northeast Florida experience numbness, tingling, weakness, burning pain, muscle cramps, fasciculations, balance problems or radiating neck and back pain. While these symptoms are common, their causes are often very different. A patient with hand numbness may have carpal tunnel syndrome, a pinched nerve in the neck, peripheral neuropathy or even an underlying

muscle or neuromuscular disorder.

Determining the true source of symptoms is the goal of electrodiagnostic medicine.

What Is an EMG and Nerve Conduction Study?

Electromyography (EMG) and Nerve Conduction Studies (NCS) evaluate how nerves and muscles function. Unlike MRI or CT scans, which primarily show anatomy, EMG and NCS measure nerve and muscle performance in real time. These studies help physicians localize nerve injuries, determine severity, distinguish acute from chronic disease and guide the most appropriate treatment.

Common Clinical Concerns:

- Polyneuropathy -

“My toes are numb.”

“My balance is off, my legs feel weak.”

- Axon Loss
- Demyelination
- Axon Loss and Demyelination

- Generalized Weakness/ Fasciculations -

“It’s hard to get out of a chair.”

- ALS; motor neuron diseases
- Neuromuscular Junction Disorder, MG, Lems
- Myopathy

- Focal Deficit -

“My hand/foot is numb and weak.”

- Radiculopathy “Nerve Root”
 - Cervical
 - Lumbosacral
- Plexopathy
 - Brachial
 - Lumbosacral
- Mononeuropathy
 - Carpal Tunnel Syndrome
 - Ulnar Neuropathy at the Elbow
 - Other Nerves
 - Axillary - Weak Shoulder
 - Peroneal - Foot Drop
 - Radial - Wrist Drop
 - Femoral (sensory) - Numb Thigh
 - Other less common lesions

NCS/EMG Algorithm*

Considering a surgical referral for mononeuropathy or radiculopathy? EDX testing by NeuroDx can help your preferred surgeon plan a better course of care and save time:

- For mononeuropathies, despite a history and physical examination, EMG and NCS testing changes the diagnosis in over 1/3 of cases.
- For radiculopathies, needle EMG has essentially no false positive results. EMG confirms that what is found on imaging is actually the cause of the physical exam findings and functional disability related to an anatomical abnormality.
- EMG can help to avoid unnecessary surgeries (e.g. laminectomy for ALS) or the wrong surgery (e.g. carpal tunnel release for cervical radiculopathy).
- Physician and providers may call or text our clinical staff to discuss complex referrals or ask questions at (904) 631-2669 (direct line).

Why Quality Matters

A high-quality electrodiagnostic evaluation is far more than a test. It begins with a focused history and Neuromuscular examination, followed by an individualized testing strategy designed to answer the referring clinician's specific questions. Accurate electrodiagnostic testing can

confirm or exclude diagnoses, help avoid unnecessary surgery, and provide valuable information for medical, rehabilitation and surgical treatment planning.

Our team uses Artificial Intelligence to enhance human clinical thinking and allow more time for thoughtful patient interaction.

NeuroDx is an AANEM-accredited electrodiagnostic laboratory serving Northeast Florida with multiple convenient locations.
