Amputation

- ✓ According to the CDC, 38.4 million adults in the United States have diabetes.
- ✓ Every 30 seconds someone undergoes amputation as a result of diabetes, PAD, kidney disease, or a wound that won't heal.
- ✓ Amputation is not your only choice!

We have been saving legs for over a decade, with every intention of continuing until unnecessary amputations are eliminated.

About This Guide

Welcome to the *2025-2026 Jacksonville & Northeast Florida Healthcare Guide™* (JHCG), the most comprehensive healthcare reference and referral directory in the region. This one-of-a-kind guide will be your go-to resource for locating healthcare providers in Northeast Florida. We are proud to present this publication in partnership with the Duval County Medical Society (DCMS). For ease of use, JHCG identifies DCMS members as “DCMS Active” with an icon, and the current DCMS Membership Directory content can be found in our editorial section starting on page 5.

Within the pages of this guide, you will also find articles dedicated to keeping the medical community informed about advances in medicine as well as trending topics.

Northeast Florida's bustling healthcare industry continues to contribute to the community's vitality. On page 14, we discuss the importance of the numerous healthcare expansions, projects and employment opportunities here.

There have been some recent changes in healthcare reimbursement, and on page 17 we delve into what these changes mean for the future of healthcare.

On page 18 you will find information on WhatsApp Business, a free technology that medical practices can use to improve patient communication.

As we do in every issue, we have included information on continuing education to keep your practice up to date. That information begins on page 19.

Our Green Pages™ section is an easy-to-use, comprehensive directory of all the healthcare providers in Baker, Clay, Duval, Nassau and St. Johns counties, and begins on page 25. The Green Pages include alphabetical listings on all area physicians with references to page numbers, as well as listings of physicians by specialty. Also included are area hospitals and other ancillary healthcare providers and services. If available, the listings include National Provider Identifier (NPI) numbers for further convenience.

Our goal is to present the most accurate and up-to-date information in our publication. Our Data Specialists have researched and verified the listings through June 2025. However, if your listing needs to be corrected, please complete the form on page 302, and mail or fax the form back to us. Please feel free to submit changes on our website at www.heritagepublishinginc.com/update-listing.

Finally, we encourage you to support our outstanding advertisers. Without their continued participation, we would not be able to produce this publication. As always, we deeply appreciate their partnership.

WHY?

Should You Become a DCMS Member

Your membership is highlighted in the *Jacksonville & Northeast Florida Healthcare Guide & DCMS Membership Directory*.

Access to free CME opportunities and a discount with CE Broker.

A variety of membership events to grow your professional network, while spending time with loved ones.

Keep up with the legislation that may impact physicians and the practice of medicine.

The DCMS Insurance Co-Op could provide significant health insurance discounts for you and your staff.

Grow your leadership skills through the DCMS Leadership Academy while earning CME credit.

Receive a 5% premium discount on medical malpractice insurance that can be combined with additional loss-free discounts through The Doctors Company.

Participate in educational members-only webinars and access members-only podcasts to enhance skills in practice management and keep up with important healthcare news.

Access the DCMS Career Center to find new talent for your practice or post your resume.

& more ...

JOIN THE DCMS TODAY!
dcmsonline.org/join

Dear Colleague,

I am honored to serve as the 2024/25 President of the Duval County Medical Society (DCMS), Florida's oldest professional physician organization. With a mission of "helping physicians care for the health of our community," our members impact our communities in meaningful ways every day. The DCMS was founded in 1853 to coordinate efforts to control and treat malaria, dengue fever and smallpox on the First Coast. More recently, DCMS members have touched lives by working to end local food deserts, helping coordinate free vaccination programs for those with access to care issues, creating an alternative supply chain for physician practices struggling to obtain personal protective equipment early in the COVID-19 pandemic, and by providing medical care to those in need through medical outreach programs.

In addition, the DCMS is dedicated to serving the physicians in our communities. Member social events allow us to connect and grow friendships. These opportunities are numerous but include membership dinners, a Jaguars football tailgate and game, networking groups like Women in Medicine, our annual DCMS Family Day, the DCMS/ Navy Dinner to connect with our local uniformed counterparts, Beers with Peers resident socials, and so much more.

Through the DCMS Foundation, our physician wellness program, LifeBridge, provides physicians with a voluntary, confidential resource to connect with experienced counselors to address burnout and emotional stress. The program is also available for career counseling services or marriage counseling.

The DCMS also offers many opportunities for continuing medical education (CME), webinars and podcasts on practice management and other important topics for the practice of medicine, discounts for insurance services, and so much more.

Annually in October, the DCMS and University of North Florida partner to host the International Healthcare Symposium, a multidisciplinary conference aimed at educating, engaging, and connecting healthcare professionals in all disciplines through relevant sessions about challenges and opportunities in the healthcare industry. The two-day symposium includes more than 30 speakers, many of whom are national leaders in their areas of expertise.

Many DCMS members are also active in regulatory and legislative advocacy efforts not just locally, but in Tallahassee and Washington, D.C. We have members serving in leadership positions of many other professional organizations on a state and national level, as well as past presidents of the FMA, AMA and World Medical Association!

As I hope you can see, there is a lot going on at the DCMS and much more than I can share here. If you're a physician living or working on the First Coast, I welcome you to join us and become a member of the DCMS. If you are already a member, I thank you. I offer myself to help connect you with opportunities that meet your interests. Feel free to reach out to me or the DCMS staff with any questions at dcms@dcmsonline.org or by calling our office at (904) 355-6561.

Gratefully,

Ali Kasraeian, MD, MHA, FACS
2024/2025 President
Duval County Medical Society

DCMS 2024/2025 OFFICERS

Ali Kasraeian, MD, MHA, FACS, President

Dr. Ali Kasraeian is a board-certified urologist providing general and specialized care at Kasraeian Urology, alongside his father Dr. Ahmad Kasraeian. He completed his fellowship in advanced laparoscopic, robotic and minimally invasive urologic surgery at the Montsouris Institute in France. He received a bachelor of science degree (with honors) from the University of Florida in Gainesville, where he also earned his doctorate in medicine (with research honors). Dr. Kasraeian completed his residency in urology at the University of Florida College of Medicine. He's a member of the State of Florida Prostate Cancer Advisory Council, a board member and legislative chair of the Florida Urological Society, and serves on the Joint Advocacy Committee of the Florida Chapter of the American College of Surgeons.

Timothy Groover, MD, President-elect

Dr. Tim Groover completed his medical school and residency training at the University of Miami Miller School of Medicine and Jackson Memorial Medical Center. Dr. Groover earned his MBA from the University of Tennessee. He has practiced anesthesiology at Baptist Health in Jacksonville since 1996. Dr. Groover currently serves as SVP and System Chief Medical Officer at Baptist Health. He has served in varying capacities within Baptist Health including a member of the Baptist Health System Board of Directors, President of the Physician Enterprise, Chief of Staff, and Executive leader for the Clinically Integrated Network and Accountable Care Organization. In addition to serving with DCMS, Dr. Groover also serves on the Coastal Community Health Board, the KIPP Board as Vice Chair, the Signify Health Advisory Board, and the Cedar Health Advisory Board. He is a Fellow of the American College of Healthcare Executives, a Certified Physician Executive, and a member of the American Society of Anesthesiologists and Florida Society of Anesthesiologists.

Leigh Speicher, MD, MPH, Vice President

Dr. Leigh Speicher is board certified in Internal and Aerospace Medicine. She serves as a consultant within the Section of Executive and International Medicine at Mayo Clinic in Jacksonville. She is a licensed private pilot and a Senior Federal Aviation Administration (FAA) Aeromedical Examiner. Her interests are in preventive medicine and quality. She is the medical director for Mayo Experience at Mayo Clinic Jacksonville. She also serves as the Department of Medicine Associate Chair of Quality. Dr. Speicher served as medical director of the COVID-19 Virtual Clinic and the COVID-19 Infusion Center until the end of 2022. She is an Assistant Professor of Medicine at Mayo Clinic College of Medicine in Jacksonville. Dr. Speicher earned a BS degree at Eckerd College in St. Petersburg, Florida. She then obtained her medical degree from the University of Miami School of Medicine. She completed a general surgery internship at the

National Naval Medical Center in Bethesda, Maryland. She studied internal and aerospace medicine in her residency program at the University of Texas Medical Branch in Galveston, Texas, where she also completed a Master of Public Health degree. Dr. Speicher is a North Florida native who has served as a U.S. Navy flight surgeon at Naval Air Station Jacksonville. She worked in the medical appeals department for the FAA prior to joining Mayo in 2012.

F. Huson Gilberstadt, MD, Vice President

Dr. F. Huson Gilberstadt is currently a medical consultant for GLG and Alpha Sites and is helping lead an ECHO program for "Project Save Lives," delivering direction on a national front. Previously, he was a National VP for Ascension in charge of substance use disorders and addiction as well as military medicine and behavioral medicine advocacy. Prior to those roles, Dr. Gilberstadt was the Chief Clinical Officer for the Ascension Florida and Gulf Coast Markets. In this position, Dr. Gilberstadt served alongside the CEO, COO and CNO to oversee the 10 hospitals and hundreds of outpatient offices and facilities. In addition to this role, he served as Chief Medical Officer as well as President of St. Vincent's Riverside Hospital (528 beds). Prior to those responsibilities, he was the Physician Advisor for the three Ascension hospitals in Jacksonville and has been an active emergency physician from July of 1994 until present. Dr. Gilberstadt grew up in Jacksonville and was born at St. Vincent's, as were his father and his three sons. He attended the University of Georgia. He went on to receive his medical degree from the Medical College of Georgia and completed his ED residency there as well. On a personal note, Dr. Gilberstadt has been a professional alligator trapper for the last 29 years.

Veronica Antoine, MD, Secretary

Dr. Veronica M. Antoine is a board-certified Anesthesiology Pain Medicine Specialist currently practicing at Formoso Spine & Joint Pain Specialists. Dr. Antoine earned a BA degree in Chemistry at Emory University. She obtained her medical degree at the University of North Carolina, Chapel Hill School of Medicine. She then completed a residency in Anesthesiology & Critical Care Medicine and a Pain Medicine Fellowship at Johns Hopkins. After completion of her medical training, Dr. Antoine worked at Georgetown University Hospital and served as the Director of the Pain Service and Pain Medicine Fellowship for several years before moving to Hawaii and joining Kaiser Permanente. There, she served as Co-Director of the Inpatient Pain Service and Co-Chair of the Wellness & Well-being Committee. In addition, Dr. Antoine also served as a board member of the Hawaii State Physician Health Program.

Catherine Madaffari, MD, Treasurer

Dr. Catherine Madaffari is a consultant within the Department of Community Internal Medicine at Mayo Clinic Florida, as well as Chair for the Advance Care Planning Committee at Mayo Clinic Florida. Dr. Madaffari is board certified in Internal Medicine and is currently enrolled in the Fellowship program at the Andrew Weil Center for Integrative Medicine. Along with serving on the DCMS Board of Directors, she also serves as Chair of the DCMS Women in Medicine Committee, is a board member of the Jacksonville American Lung Association Leadership Board and is a Fellow of the American College of Physicians. Dr. Madaffari graduated from the University of Miami School of Medicine.

HELPING PHYSICIANS CARE FOR THE HEALTH OF OUR COMMUNITY

A HISTORY OF LEADERSHIP

The Duval County Medical Society (DCMS) was founded in 1853 by Jacksonville physicians hoping to come together to solve a public health crisis. In the more than 160 years since, DCMS physicians have led the way in caring for the health of our city, state and nation. In fact, DCMS members helped found the Florida Medical Association right here in Jacksonville. They also helped create the first Florida State Department of Health, right in historic Springfield.

DCMS members have been leaders in organized medicine around the world, including numerous presidents of such groups as the Florida Medical Association, the American Medical Association, the World Medical Association, and specialty organizations.

By joining the DCMS, you are joining a legacy of daring and caring leaders who have helped to transform the delivery of healthcare across the world.

...and we're not done yet. DCMS continues to develop future leaders in healthcare with programs for everyone from residents to seasoned professionals. These programs help develop clinical, professional and leadership skills. We look forward to helping you see the future of medicine and helping you care for the health of our community.

DCMS MEMBER BENEFITS

Members of the Duval County Medical Society have access to a number of exclusive benefits.

LifeBridge: Physician Wellness Program

In partnership with the DCMS Foundation, the LifeBridge: Physician Wellness Program is designed to address the

seriousness of physician

burnout. Practicing medicine can

be highly stressful and doctors face day-to-day challenges with emotional stress and work burnout, which can impact one's personal, practice, or family life.

The DCMS is dedicated to addressing the needs of its physician members through a 24/7 wellness line and online resources. By calling 904-447-LIFE, DCMS members are connected with a certified counselor experienced in coaching healthcare professionals. No electronic records are kept and no information is disclosed. DCMS members receive six free sessions per calendar year.

CME Opportunities

In partnership with the DCMS Foundation, the DCMS provides free continuing medical education (CME) for its members through its online CME portal and in-person events. The CME portal is available at dcmsonline.org/cme and offers CME opportunities at no cost to members. Available through the website 24/7, DCMS members have the flexibility to earn credits at their leisure. Members are also invited to participate as CME authors. For more information, contact kristy@dcmsonline.org.

The DCMS Leadership Academy and the International Healthcare Symposium also provide members and non-members the opportunity to receive CME credits. When it comes time to record all that CME into the CE Broker website, you can take advantage of the DCMS member discount, as well.

Additionally, each December, DCMS members are able to participate in a live online course providing the mandatory CME courses such as Prevention of Medical Errors, Domestic Violence, and Florida Laws and Rules and Medical Ethics.

Advocacy & Advocacy Hotline

One of the most important roles of the medical society is to advocate on your behalf and keep track of the hundreds of bills introduced in Tallahassee every year that could have an impact on the delivery of healthcare in Florida. We monitor these bills so you don't have to.

Members receive timely updates on developments during Florida's Legislative Session and throughout the year through our weekly E-newsletter and online legislative blog at dcmsonline.org/news.

However, we know that some bills move quickly and have specific importance to your practice. That's why we've developed the DCMS Advocacy Hotline. Simply call 813-215-7140 to speak with DCMS Executive Director Fraser Cobbe directly regarding your questions and concerns. Most inquiries can be answered within 24 hours.

Membership Events

Learn about the latest in medicine, receive updates on legislation that impacts your practice, and share a meal with your friends, colleagues, and loved ones. Speakers range from local physicians to the president of the American Medical Association. DCMS members always receive free or discounted event tickets. Visit dcmsonline.org/dcmsevents to see our calendar and register.

DCMS Insurance Co-Op

As a DCMS member, you may be eligible to participate in the DCMS Insurance Co-Op for significant discounts on health insurance for you and your staff. Contact marissa@dcmsonline.org for more information on this program.

DCMS Career Center

Whether you are looking to expand your practice or considering a move, the DCMS Career Center is available for you. Posting a resume is free. Members can also post job openings to the site at a discounted rate. To post a job, share your CV, or review current job opportunities, visit jobs.dcmsonline.org.

Leadership Academy

The DCMS has a long history of physician leadership, from the Florida Medical Association to the World Medical Association, from pioneering private practices to hospital executives. We are committed to ensuring that the next generation of physician leaders also has a strong Duval County representation. The DCMS Leadership Academy is a program designed to give physicians the leadership skills necessary to be more effective employees, employers, board members, and community leaders. The academy is open to all physicians, but DCMS members receive a substantial discount. To learn more, visit healthcaresymposium.domains.unf.edu.

International Healthcare Symposium

The DCMS Foundation and University of North Florida partner for the annual International Healthcare Symposium, a two-day multidisciplinary conference aimed at educating, engaging, and connecting healthcare professionals about challenges and opportunities in the healthcare industry. Learn more at healthcaresymposium.domains.unf.edu.

Life After Residency Program

Duval County is home to more than 400 medical residents every year. While these young physicians are working hard every day learning to practice medicine, the most common request we hear is for education about what happens AFTER residency. The Life After Residency program is a seminar focusing on showing residents the best way to transition to life after their program ends. Topics include finding the right job, negotiating the perfect contract, and managing student loan debt. This annual program is FREE for resident and fellow members of the DCMS.

Membership Directory & Referrals

The DCMS partnership with the *Jacksonville and Northeast Florida Healthcare Guide* provides special recognition for DCMS members in the annual directory. Along with providing valuable DCMS member information, the healthcare guide acknowledges those who participate in telehealth. DCMS members receive a 10 percent discount on advertising rates for the healthcare guide.

Additionally, the online DCMS Membership Directory at dcmsonline.org is a great resource for referrals from the public.

Membership Mailing Lists

Whether you are marketing an event or changing your office location, sometimes you need to communicate with your entire referral network at once. That's where the DCMS membership mailing list can save you time and money. Members can receive a one-time use member mailing list for only \$125. That's a savings of more than \$1,300 from the corporate cost! To order a mailing list, visit dcmsonline.org. Under the Membership tab, select Request Member Mailing List.

Poster Session

Looking for a local venue to present your research? DCMS resident and fellow members can submit posters for the judged poster presentation at the International Healthcare Symposium. This is a great opportunity to showcase your work, practice your presentation, and network with local physicians. Questions? Contact sallie@dcmsonline.org.

DCMS Calendar of Events:

2025

September – Membership Dinner

October – International Healthcare Symposium, DCMS Annual Meeting, Women in Medicine event

November – Membership Dinner, Beers with Peers

December – County Medical Society Mandatory CME Program

2026

February – Life After Residency Seminar, Membership Dinner, Women in Medicine event

March – DCMS Family Day, Membership Dinner, Beers with Peers

April – DCMS Leadership Academy, DCMS/Navy Dinner

May – Day of Giving celebrating DCMS' Birthday, Beers with Peers

June – Membership Dinner

August – Membership Dinner, Beers with Peers

For more information, visit www.dcmsonline.org.

DCMS FOUNDATION

The Duval County Medical Society (DCMS) Foundation was established by the DCMS as a nonprofit, charitable 501(c)(3) organization in 1959. The DCMS Foundation serves to improve the total health of Northeast Florida by furthering community health education and awareness.

History

The Academy of Medicine was established as a non-profit institute of science research and learning, dealing primarily with medical science. Fifty years later, the Academy changed its name to the DCMS Foundation, Academy of Medicine Jacksonville, to more appropriately match the relationship between DCMS and its philanthropic arm.

Historically, the Foundation had a major impact on our region's health awareness through a variety of initiatives: the Jacksonville Health Education Program (JHEP), the founding and development of the Borland Medical Library, county-wide polio and rubella inoculation programs, financial and medical supply relief for international disaster victims, community education of HIV/AIDS and substance abuse, and continuing medical education for physicians, to name a few.

The DCMS also founded We Care Jacksonville in 1993 to provide a network of volunteer physicians and healthcare providers who donate care to uninsured patients. Now an independent 501(c)(3), We Care receives donated services from all major health systems in Jacksonville.

Today, the DCMS Foundation continues to make an impact in improving the health of Northeast Florida through a variety of programs:

LifeBridge: Physician Wellness Program

Physician burnout and its complications are the number one threat to a physician's medical career. It may lead to lower levels of patient care, more medical errors, and higher rates of staff turnover, disruptive behavior, substance abuse, and even suicide. More than half of all physicians report signs of burnout. As a result, a number of resources have been created to address physician wellness, including mindfulness seminars, yoga classes, and more. Unfortunately, physicians have been reticent to seek the type of professional care they need to address their signs of stress or burnout. Until now.

- LifeBridge is provided to all DCMS members via the DCMS Foundation. This is a safe and confidential program to help get you back to feeling like yourself.
- LifeBridge is like no other physician wellness program. The service provides up to six free sessions with a counselor per year to discuss any issue. It doesn't matter if it's stress, marital issues, or difficulty dealing with a bad outcome. You get the help of a licensed professional at no charge.
- You can also use LifeBridge for career counseling to receive advice on interview preparation or planning your career path.
- Some physicians have expressed concern that seeking appropriate help from a mental health professional will create an electronic medical record and could impact their licensure. LifeBridge has been designed in conjunction with the Florida Board of Medicine specifically to be a pre-clinical program that does not create an electronic medical record.
- LifeBridge is completely confidential. Only your counselor will know your personal information, so it can never be reported to the DCMS, your employer, or any other group.
- LifeBridge has a diverse panel of counselors specially trained to work with physicians, with office space across the metropolitan area. There are also phone and video conference options available.

Call (904) 447-LIFE or visit our website at dcmsonline.org/lifebridge.

1853 Founders Club

The Duval County Medical Society Foundation recently launched the 1853 Founders Club, a unique opportunity for physicians to invest in the future of healthcare by supporting local medical residents. By pledging \$1,853 over three years—with an initial donation of \$300 or more—you can enrich the lives of young professionals while strengthening the future of organized medicine in Duval County. All funds raised for this initiative will be used to provide free tickets for residents to a variety of events, from Icemen and Jumbo Shrimp games to concerts and theatrical performances.

Donors will be recognized at monthly membership meetings after making the initial pledge, and they will become Platinum Members of the 1853 Founders Club when the full pledge amount is reached. Platinum Members gain access to special lounges, cocktail hours, and other benefits throughout the year.

Tickets can be donated toward your pledge, following the initial \$300 donation. A tax receipt will be provided for the face value of the donated tickets.

International Healthcare Symposium

The DCMS Foundation leads the discussion on improving healthcare in Northeast Florida through the annual International Healthcare Symposium. In partnership with the University of North Florida Brooks College of Health, the symposium is a multidisciplinary conference aimed at educating, engaging, and connecting healthcare professionals in all disciplines through relevant sessions about challenges and opportunities in the healthcare industry. Attendees include healthcare professionals, community leaders, local politicians, and representatives from non-profit organizations.

The 2025 event is scheduled for October 23-24 at the University of North Florida. Learn more at healthcaresymposium.domains.unf.edu.

#FluVaxJax

#FluVaxJax is a unique collaboration between First Coast hospitals and health systems, pharmacies, health insurance companies, safety net programs, the Florida Department of Health in Clay, Duval, Nassau, and St. Johns counties, the Jacksonville Mayor's office, local media, and many others for a widespread message regarding the importance of flu vaccines. The primary goal is to increase the rate of influenza vaccinations and minimize hospitalizations during flu season.

#FluVaxJax provides no-cost flu vaccinations each year to those without insurance on the First Coast. Visit fluvaxjax.com to learn more.

#FLUVAXJAX

Physician Education

The DCMS Foundation is committed to the continuing education of its members and provides free CME opportunities for members to obtain and retain medical licensure. Courses are available 24/7 through the DCMS CME Portal at dcmsonline.org/cme. The portal includes courses such as Prevention of Medical Errors, HIV, and Domestic Violence.

DCMS Foundation Officers & Board of Directors:

Officers:

President: Ruple Galani, MD

President-Elect: Tra'Chella Johnson Foy, MD

Board of Directors:

Mark Dobbertien, DO - Ms. Cindy Funkhouser

Michael Mayo, DHA, FACHE - John Montgomery, MD

DCMS PREFERRED VENDOR PROGRAMS

The DCMS is constantly working to help physicians care for the health of our community. One of the most important ways we do that is finding opportunities for you to save on services you already need in your practice or personal life.

Medical Malpractice

The Doctors Company

The Duval County Medical Society has selected The Doctors Company as the exclusively endorsed medical professional liability insurer for our members. The Doctors Company provides Duval County physicians with local claims, underwriting and patient safety services. *DCMS members qualify for a premium discount that can be combined with additional loss-free discounts for even greater savings.*

Benefits for DCMS Members

- 5 percent premium discount for active members
- Industry-leading patient safety tools, articles and programs, plus free web-based CME and live CME
- Protection against privacy breach through CyberGuard® cyber liability coverage and against Medicare reviews through MediGuard® regulatory risk coverage, both included as part of The Doctors Company core policy

We encourage you to find out how you can benefit by securing coverage with The Doctors Company. Contact Christian Groux, Vice President, Business Development at 904-360-3090 or email cgroux@thedoctors.com.

Continuing Medical Education

CE Broker

The Duval County Medical Society works with CE Broker to offer a service that eases the pain of reporting CME online.

CE Broker is the official continuing education tracking system for the Florida Department of Health and manages the database of CME record for all physicians in the state.

The professional service simplifies CME by:

Making License Renewal Simple

- See your renewal requirements in detail, quickly report missing CE, check your compliance status anytime, know when your requirements are fully met, find approved educational providers, and receive important notifications from your regulating agency.

Staying Organized with Secure Storage

- Permanently back up your reported documents and store heart cards and multiple licenses.

Go Paperless & Go Anywhere

- Access your account through a free app, review all past course info in your Course History, and digitally store all your certificates.

DCMS Members receive \$10 off all subscription plans. Contact us at dcms@dcmsonline.org for your member discount code, and then enter it in the Association Discount Code field.

Patient Assistance

Florida Rx Card

The DCMS is pleased to work with Florida Rx Card to provide our members and their patients with a prescription drug assistance program. The Florida Rx Card is free for every resident of the state, and it can be used to obtain savings of up to 80 percent on prescription drugs at most retail pharmacies.

The Florida Rx Card can be used by Florida residents who don't have prescription drug insurance, those who have high deductibles, or who take medications that are not covered by insurance. The program is completely confidential, there are no membership restrictions or income requirements or age limitations, and there are no applications to complete.

Your patients can print a FREE Florida Rx Card at www.floridarxcard.com. Also, your patients can request a more durable version of the card shipped to them for free by contacting info@floridarxcard.com

Healthcare News

News Service of Florida

Do you like to keep up with the latest health policy and political news? The News Service of Florida provides daily updates on state government events, advisories on developing news, coverage of House and Senate sessions, and more.

DCMS members receive a significant discount on News Service of Florida subscriptions. The regular annual fee for the News Service of Florida is \$1,095; DCMS members pay just \$300 per year. To take advantage of the discount, contact DCMS Executive Director Fraser Cobbe at fcobbe@cobbemanagement.com.

The Importance of Healthcare Industry in Northeast Florida

The robust healthcare industry contributes to the vitality of the Northeast Florida community. Our hospitals and healthcare systems offer the best medical treatments, while also providing numerous opportunities for those seeking long-lasting and well-paying careers in healthcare.

With a skilled workforce of more than 121,500, employment growth in the healthcare and life sciences industry continues to outpace the national average, according to JAXUSA Partnership. Additionally, 1 in 8 jobs are in the healthcare industry. Baptist Health, UF Health and Mayo Clinic are all in the top five employers in Northeast Florida. Florida Blue, Ascension St. Vincent's, Johnson & Johnson Vision, Brooks Rehabilitation and HCA Florida Memorial Hospital are in the top 20 employers as well.

"The healthcare industry plays a vital role in Jacksonville's growth and resilience—economically, socially and in the well-being of our community. As one of the region's largest employment sectors, it not only delivers essential care but also drives innovation, education and collaboration across diverse fields. Jacksonville continues to emerge as a healthcare destination,

with a strong commitment to advancing access, quality and equity in care," said Duval County Medical Society President Ali Kasraeian, MD, MHA, FACS.

As a top Northeast Florida employer, Baptist Health works to create policies with the best interests of the physicians in mind, as well as its patients. "Baptist physicians are more than just colleagues,

they comprise a partnership of shared values and goals in care techniques, patient experience standards and innovation initiatives. We invest in our entire medical staff and recognize individual specialties, groups and physicians, both employed and independent, have different and unique needs. For instance, Baptist Medical Group, a network of employed

providers who work together to help drive down overall health care costs and deliver exceptional care across primary, specialty and hospital-based practices, offers multiple physician practice options for alignment, including membership in our clinically integrated network, Baptist Physician Partners,” said Timothy Groover, MD, MBA, FACHE, Baptist Health Executive Vice President and System Chief Medical Officer.

Not only does the Northeast Florida healthcare industry provide a multitude of job opportunities but it also contributes significantly to the region’s economic stability. This is evident in the numerous developmental projects underway. Hundreds of millions of dollars are being invested in new hospitals, emergency rooms, clinics and rehabilitation sites, in addition to facility expansions and new treatments.

“Healthcare is a vital part of the Northeast Florida region for a variety of reasons but two stand out: the well-being of residents and the economic impact. People are moving to Northeast Florida because of its beauty and the vast opportunity for growth. In a growing population, people want world-class care that is provided at their convenience,” said UF Health Senior Vice President and Northeast Florida Regional President Patrick L. Green, FACHE.

AdventHealth

AdventHealth is planning to build an 88-bed hospital and office space on land it acquired in World Commerce Center in St. Augustine, according to a St. Johns County Growth Management letter. The health system has also announced plans to build a freestanding emergency room southwest of St. Augustine. Construction is planned to begin this year and finish in early 2026.

“All the healthcare facilities in St. Johns County provide a competitive wage,” Scott Maynard, senior vice president of economic development for the St. Johns County Chamber of Commerce, said in a news release. “One of the attractions to healthcare jobs is the opportunity for workers to advance their careers with additional education and experience.”

Baptist Health

Committed to providing the best healthcare to patients across Northeast Florida, Baptist Health continues to grow and expand its services. The health system recently opened the Baptist Nassau Crossing Medical Campus in Yulee. This state-of-the-art facility offers top-notch medical services for Nassau County residents close to home, including primary care, advanced heart care and endoscopic procedures. Following the recent opening of the Baptist Emergency and Imaging Center at Nassau Crossing in late 2024, the medical campus is now home to Baptist Primary Care, Baptist Heart Specialists, Borland Groover Medical Office and Nassau Crossing Endoscopy Center.

Baptist Health plans to develop a medical campus in the Silverleaf community of St. Johns County. The 118,000-square-foot project includes a freestanding 24/7 Baptist/Wolfson Children’s Emergency Center, office space, a helipad for air ambulance services and space for future expansions. The campus is expected to open in early 2026.

In February, Baptist broke ground on the Baptist HealthPlace at Seven Pines, a two-story, 52,000-square-foot medical office building off Stillwood Pines Boulevard in Jacksonville’s new Seven Pines neighborhood. Opening in spring 2026, the medical facility will offer a range of healthcare services. “By situating the

campus in this dynamic and high-traffic area of southeast Jacksonville, Baptist Health is making quality care conveniently available right where people live, work and thrive,” Catherine Graham, Senior Vice President, Clinical Service Lines and Ambulatory Business Development for Baptist Health, said in a news release.

New Rehabilitation Hospitals

A number of rehabilitation hospitals have recently opened across Northeast Florida over the past few years. In 2024, the \$48 million North Florida Rehabilitation Hospital opened in west Jacksonville. The 50-bed, 60,000-square-foot inpatient facility is the region’s first free-standing inpatient rehabilitation hospital west of the St. Johns River. In 2023, Reunion Rehabilitation opened off Beach and Kernan boulevards. The 48-bed, state-of-the-art inpatient rehabilitation hospital provides comprehensive, high-quality post-acute medical rehabilitation therapies

Encompass Health, photo by Monica Fields

12,000 jobs in St. Johns and Jacksonville over time, and a \$1 billion investment in Northeast Florida. The hospital is expected to start treating patients by late 2025.

“UF Health Jacksonville and UF Health St. Johns employ thousands of people throughout the First Coast. Altogether, that means millions of dollars injected into communities here every year,” said Green. “In addition, the UF College of Medicine - Jacksonville trains the next generation of physicians of the future, and many remain right here in this community to practice, giving us another opportunity for job creation. These are just two areas that highlight what an incredible impact the healthcare field and UF Health are making for the people of Northeast Florida.”

Mayo Clinic

A cutting-edge facility for a new cancer treatment at Mayo Clinic in Jacksonville is currently under construction. A first of its kind in the United States, the revolutionary treatment will use carbon ion radiation therapy to target the location of cancer cells while avoiding major damage to the surrounding area. The first treatment is expected to be available in 2028. The research and technology of this new treatment position Jacksonville at the forefront of innovative care. Mayo Clinic is also now clearing land to begin developing its new 210-acre North Campus. The campus is estimated to cost \$4.67 million.

The Power of the Healthcare Industry

With the sheer number of healthcare expansions, projects and growing job opportunities, it is clear the strength of the healthcare industry benefits the Northeast Florida community. “As President of the Duval County Medical Society, I am proud to represent a community where healthcare serves as both a cornerstone of public well-being and a powerful driver of regional growth. Jacksonville’s healthcare industry brings together world-class institutions, dedicated professionals and a spirit of innovation that strengthens the health of our residents while fueling our local economy. Our medical community continues to lead with purpose—advancing access, equity and excellence in care for all,” said Dr. Kasraeian.

UF Health Durbin Park, photo courtesy of UF Health

to a wide variety of patients. In 2022, Encompass Health Rehabilitation Hospital of Jacksonville and Encompass Health Rehabilitation Hospital of St. Augustine opened. Brooks Rehabilitation opened its \$37 million, 60-bed Bartram Park hospital in April 2022 as well.

UF Health

To serve the healthcare needs of the growing North Jacksonville and Southeast Georgia communities, UF Health North has opened a new \$140 million, 124-room patient tower. The hospital tower includes six floors, two of which are dedicated to patients needing acute physical therapy. Currently in development is UF Health Durbin Park, a 42.5-acre health and wellness campus that will expand the

“With the sheer number of healthcare expansions, projects and growing job opportunities, it is clear the strength of the healthcare industry benefits the Northeast Florida community.”

healthcare options for residents in northeast St. Johns County. The project’s first phase will include a full-service, 150-bed hospital. The campus will also be home to a medical office building and an ambulatory surgery center. The project is expected to bring 2,000 new jobs to the area, for a total of

IMPORTANT INFORMATION FOR PATIENTS

- Allow about 2-4 hours for complete evaluation.
- Call 737-5792 to reschedule or cancel at least 24 hours in advance.
- Please wear a comfortable, sleeveless, open collar shirt and loose fitting shorts for your testing. Do not apply lotions to skin.
- Invite a family member or friend to attend your testing to serve as a note taker and chaperone.
- Bring your medication list, picture ID, insurance cards and copy.
- Bring related medical records, particularly X-ray, CT or MRI reports.
- Patient form(s) available online at NeuroDxFlorida.com

Changes in Healthcare Reimbursement

Healthcare delivery is beginning to transition from fee-for-service payments to value-based care models. This shift to value-based reimbursement flips the script on the traditional model of healthcare reimbursement, causing healthcare providers to change how they bill patients for care.

The COVID-19 pandemic was a pivotal time for our healthcare system. Our hospitals and health systems have become strained by unmatched levels of staffing shortages and rising inflation; however, these challenges provide an opportunity to transition toward a value-based care system.

The Centers for Medicare and Medicaid Services (CMS) has been a major proponent for the move to value-based care. By 2030, CMS wants to align 100 percent of Medicare fee-for-service beneficiaries with an accountable care organization. CMS has also begun changing Medicare payments to reflect the shift to value-based care. The Biden administration finalized 2025 Medicare reimbursement rates for physicians and hospital clinics, with physicians seeing a 2.9 percent drop in their Medicare rates. Even with lower rates for physicians and hospitals, healthcare providers face challenges adapting to these new models that prioritize quality over quantity. The cuts in rates could make it harder for practices to cover expenses, buy new equipment and keep staff.

The Duval County Medical Society (DCMS) is an advocate for change to healthcare reimbursement. “Physician reimbursement in healthcare continues to be stuck in steady decline due to the inability of Congress to address widely recognized flaws in the Medicare Physician Fee Schedule. This decades-long failure to act has resulted in the value of physician services declining significantly

over time and falling far below inflation. There are now more than 300 codes where Medicare reimbursement is less than the hard cost of rendering the service. The downward pressures are felt throughout care delivery as more physicians are acquired by health systems and corporations or replaced with non-physician practitioners,” said DCMS Executive Director Fraser Cobbe. “The DCMS continues to advocate for meaningful reform, joining our partners at the American Medical Association, calling on Congress to act immediately to preserve access to physician services for Medicare beneficiaries.”

Fee-for-Service vs. Value Based Care

The most common insurance reimbursement type is fee-for-service. This is where healthcare providers are paid based on each service they perform, such as visits or medical tests, and payment is determined by the medical reimbursement rate. Providers are compensated regardless of the quality or outcome of the service. The main advantage for this type of model is that it ensures practitioners are paid for their time and hard work. On the other hand, this model can unfortunately lead to unnecessary medical services since providers earn more money when more services are offered.

In the value-based care model, providers are paid based on the value of care provided. There are three main types of value-based care: bundled payments, capitation and accountable care organizations.

The bundled payments method is a newer type of healthcare reimbursement in which providers are paid a fixed amount for a bundle of services provided for a specific episode of care based on the expected cost. Bundled payments also encourage medical providers to provide better care by working together. This method is often used for treatments that involve an array of healthcare services, such as surgery.

With the capitation method, healthcare providers receive a fixed amount of money for each patient they treat, rather than for individual services. This is to cover the anticipated cost of the healthcare services needed for the patient over a period of time. These payments are made in advance. Capitation is mostly used in managed care plans and incentivizes providers to use preventive care to avoid costly and unnecessary medical procedures. This can reduce healthcare costs in the long run. However, it can be difficult for medical practices to provide quality care while staying within a budget.

Accountable care organizations (ACOs) are groups of providers, such as hospitals or physicians, who work together to coordinate care of a specific group of patients, usually those who receive Medicare. These organizations are responsible for the quality and cost of that care. ACOs work to prevent unnecessary medical services and errors by making sure patients receive preventative care. ACOs also encourage providers to work collaboratively to improve outcomes.

The Challenges of Transitioning to Value-Based Care

There is a financial burden that comes with transitioning to value-based care. Healthcare providers need to invest in new technologies and infrastructure to support value-based models. Healthcare providers also need to use data analytics to measure and improve performance. By doing so, practices can optimize care delivery and focus on patient outcomes. By trying to work with these changes and employing effective strategies, healthcare providers can traverse the ever-changing reimbursement landscape and continue to provide the best care possible.

AI Applications in Medical Practice Management: How WhatsApp Business Can Help Your Practice

In today's digital age, more and more businesses are turning to artificial intelligence to help streamline operations. For medical practices, artificial intelligence applications can make a huge difference in time management for physicians and their staff members.

In partnership with several other medical societies, the Duval County Medical Society has released a 10-episode podcast series on free artificial intelligence applications in medical practice management called *Free AI Applications in Medical Practice Management*. In the podcast's fourth episode, Dr. Laura Kathryn Neal discusses WhatsApp Business, a free technology that medical practices can use to improve communication with patients. Dr. Neal is the National Dean of Colleges and Curriculum of Health Sciences at DeVry University.

According to Dr. Neal, practices can easily use WhatsApp Business to manage appointments, send reminders and address quick questions without much hassle, since many patients are already familiar with WhatsApp for personal or social uses. "The fact that it's free is a nice bonus, especially for smaller practices that need cost-effective solutions," said Dr. Neal.

Automated Messages

With WhatsApp Business, you can set up customized automated greeting messages tailored to your medical practice's specific marketing preferences. WhatsApp Business also allows you to respond to patients promptly even after your office is closed, fostering more communication and patient satisfaction. You can quickly reply to common questions and concerns, such as hours of operation, how to schedule an appointment and what insurance is accepted.

"The platform supports secure messaging with end-to-end encryption, so you can communicate safely about sensitive information. You can also share documents, images or videos—things like prescriptions, test results or health tips—to keep patients informed," said Dr. Neal.

You can also easily set up a business profile with important practice information such as your office address, website, business hours and even what services and treatments your practice offers.

Patient Communication

The app helps organize and label patient conversations for you so you can keep better track of communication with patients. WhatsApp Business can identify those who are contacting your practice for the first time and may need to be provided with more comprehensive information and assistance. The app can also help facilitate communication with patients after their appointments and prioritize urgent matters.

These efficient messaging features not only reduce the workload for your staff but also improve patient satisfaction. In today's digital age, we are accustomed to having instant access to information, and WhatsApp Business can provide that. These features help build trust and credibility with your patients and make them feel connected.

With WhatsApp Business you can make important announcements for your patients with broadcast lists. This allows you to make updates on any new medical providers, new treatments available and any special holiday hours. You can even send out appointment reminders, as well as health and wellness tips.

All the WhatsApp Business features are designed to save time for all medical practice staff members, including doctors, nurses, administrators and everyone in between.

How to Get WhatsApp Business

Getting the WhatsApp Business app is just as easy as downloading any other app. You can download it from whichever app store you use and easily set up your own personalized profile. For more information about WhatsApp Business, visit <https://business.whatsapp.com>.

To listen to the *Free AI Applications in Medical Practice Management* podcast series, visit the DCMS podcast webpage at www.dcmsonline.org/page/DCMSPodcasts. The first five episodes are available to the public, and the second half of the series is only accessible to DCMS members.

Continuing Education: Requirements & Licensure Renewal

NOTE: Licensees of the Florida Board of Medicine are required to renew their licenses biennially to maintain the right to practice.

Allopathic (MD)

The Department of Health (DOH) divides MDs into two groups. One group holds licenses that expire at midnight, Eastern Standard Time, on Jan. 31 of even-numbered years, while the other group expires at midnight of Jan. 31 of odd-numbered years.

For other methods of obtaining continuing medical education per biennium, visit <https://flboardofmedicine.gov/renewals>.

FIRST RENEWAL	SECOND RENEWALS AND BEYOND
• One hour of HIV/AIDS	• Two hours of Prevention of Medical Errors (Course must include information regarding the five most misdiagnosed conditions.)
• Two hours of Prevention of Medical Errors (Course must include information regarding the five most misdiagnosed conditions in Florida for the previous two years.)	• Two hours of Controlled Substance Prescribing (Required for medical doctors who are registered with the U.S. Drug Enforcement Agency and authorized to prescribe controlled substances.)
	• 38 general CME hours, including two hours of Domestic Violence for every third biennium

Osteopathic (DO)

Current licenses expire at midnight, Eastern Standard Time, on March 31.

FIRST RENEWAL FOR LICENSES ISSUED SUBSEQUENT TO JULY 1 OF THE SECOND YEAR OF THE BIENNIUM	FIRST RENEWAL FOR LICENSES ISSUED PRIOR TO JULY 1 OF THE SECOND YEAR OF THE BIENNIUM	EVERY RENEWAL THEREAFTER
One hour of Florida Laws and Rules/ Professional and Medical Ethics	One hour of Florida Laws and Rules/ Professional and Medical Ethics	One hour of Florida Laws and Rules/ Professional and Medical Ethics
Two hours of Prevention of Medical Errors	Two hours of Prevention of Medical Errors	Two hours of Prevention of Medical Errors
	Two hours of Prescribing Controlled Substances (Only applies to licensees registered with the DEA and authorized to prescribe controlled substances.)	Two hours of Prescribing Controlled Substances (Only applies to licensees registered with the DEA and authorized to prescribe controlled substances.)
	One hour of HIV/AIDS	Two hours of Domestic Violence (Required every third biennium renewal.)
	40 total continuing medical education (CME) hours, including the required hours above. Of those hours, 20 must be American Osteopathic Association (AOA) Category 1-A hours. These hours may include any required course above if the required course is certified in Category 1-A by the AOA. Only eight total home study hours may be used for renewal requirements. No more than six hours of CME can be used per biennium for attendance at a board meeting.	40 total continuing medical education (CME) hours, including the required hours above. Of those hours, 20 must be American Osteopathic Association (AOA) Category 1-A hours. These hours may include any required course above if the required course is certified in Category 1-A by the AOA. Only eight total home study hours may be used for renewal requirements. No more than six hours of CME can be used per biennium for attendance at a board meeting.

MILITARY EXEMPTIONS FOR MDs AND DOs

Any licensee who is a member of the U.S. military on active duty who was in good standing with the board at the time of becoming active and was entitled to practice or engage in the practice of medicine in Florida may be eligible to be exempted from renewal requirements for the duration of active duty. This also includes a period of six months after discharge but not practicing the profession in the private sector for profit. If you are the spouse of a member of the Armed Forces of the United States, you may be eligible to be exempted from licensure renewal requirements, but only in cases of absence from the state due to your spouse's duties with the Armed Forces. For more exemptions, visit <https://floridasosteopathicmedicine.gov/renewals> and <https://flboardofmedicine.gov/renewals>.

Podiatric Physician (DPM)

Current licenses expire at midnight, Eastern Standard Time, on March 31.

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
Five hours of continuing education in the subject area of risk management, which may be obtained by attending one full day at a Florida Board of Podiatric Medicine meeting at which disciplinary hearings are conducted.	36 general CE hours
Two hours of Prevention of Medical Errors	Two hours of Prevention of Medical Errors
One hour of Human Trafficking	One hour of Laws and Rules
One hour of HIV/AIDS	One hour of Risk Management
Two hours of Safe and Effective Prescribing of Controlled Substances	Two hours of Safe and Effective Prescribing of Controlled Substances (Included within the 36 total general hours required.)
	One hour of Human Trafficking (The one-time human trafficking course shall apply to all licensees and is required of new applicants in their first renewal biennium, as well as of licensees renewing to active status if the course has not already been taken. The one-hour course is included in the 36 total general hours required.)
	One hour of HIV/AIDS (Included in the 36 total general hours required.)

Physician Assistants

Licenses for physician assistants expire at midnight, Eastern Standard Time, on Jan. 31 of even-numbered years unless renewed. Prescribing physician assistants must complete 10 hours of CME in each specialty area of the supervising physician. These hours are included in the 98 general CME hours. Effective January 1, 2017, three of the 10 specialty hours must consist of a course on the safe and effective prescribing of controlled substance medications given by a statewide professional association of physicians in this state accredited to provide educational activities designated for the American Medical Association Physician's Recognition Award Category I credit or designated by the American Academy of Physician Assistants as a Category I credit.

FIRST BIENNIUM RENEWAL	SECOND RENEWALS AND BEYOND
One hour of HIV/AIDS (Must be Category I.)	Two hours of Prevention of Medical Errors
Two hours of Prevention of Medical Errors	Two hours of Domestic Violence (Required every third biennium, included in the total 100 hours required.)
97 general CME hours or current National Commission on Certification of Physician Assistants (NCCPA) certification	98 general CME hours

There are options for you if you are not ready to give up practicing medicine and are not ready to retire. When your medical license is placed in retirement status, you are prohibited from practicing any form of medicine. However, if your license is converted to a limited license status, you can still practice medicine on a volunteer basis to provide uncompensated care for low-income residents. A limited license is restricted to areas of critical need. Since physicians are working without compensation under the limited license status, license renewal fees are waived.

Nursing (RN and LPN)

Licensees of the Florida Board of Nursing, including registered nurses (RN) and licensed practical nurses (LPN), are required to renew their licenses biennially to maintain the right to practice.

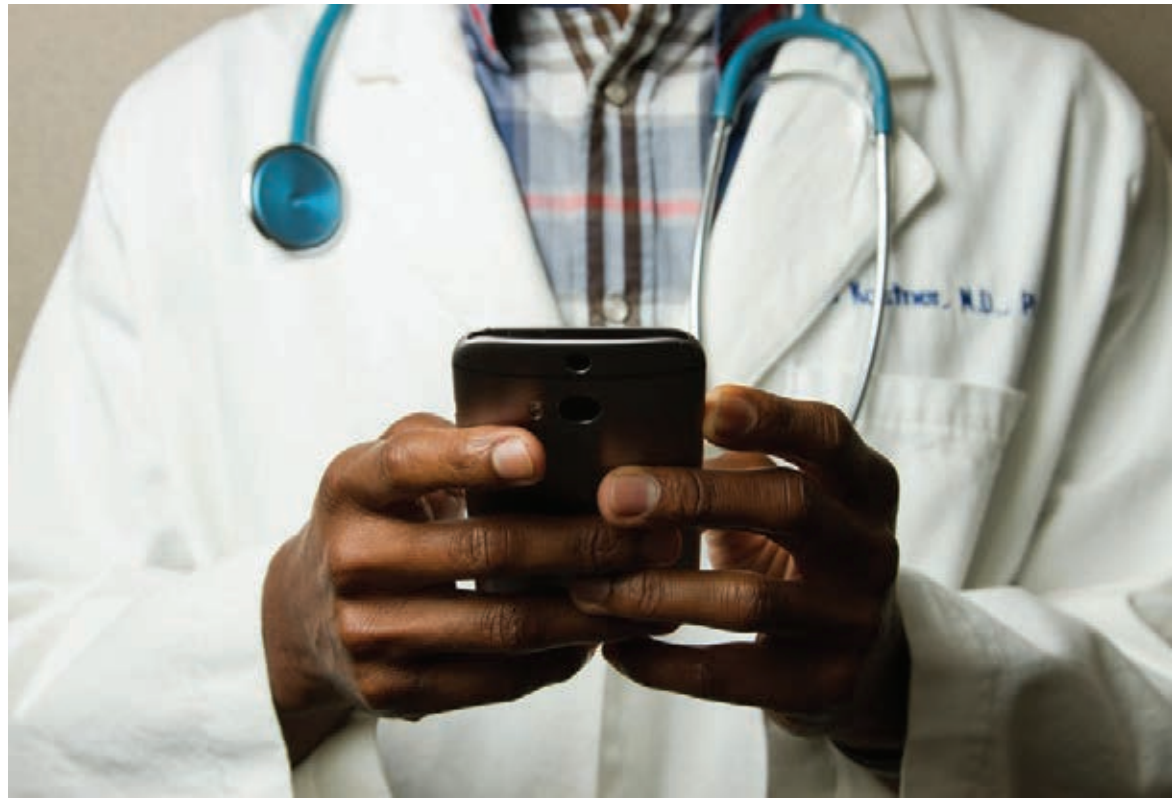

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
For the first renewal, LPNs and RNs initially licensed by examination during the current biennium are exempt from general CEU requirements.	Two hours of Florida Laws and Rules
LPNs and RNs initially licensed by endorsement during the current biennium and took the exam in another state within the biennium are also exempt from general CEU hours.	Two hours of Prevention of Medical Errors
Both those licensees must complete two hours of Prevention of Medical Errors, two hours of Florida Laws and Rules, two hours of Recognizing Impairment in the Workplace, two hours of Human Trafficking and one hour of HIV/AIDS.	Two hours of Recognizing Impairment in the Workplace (Required every other renewal.)
Initial licenses that were issued for less than 24 months are required to complete one hour for each month that the license was valid for.	Two hours of Human Trafficking (Does not have to be a Florida Board of Nursing approved course.)
First licenses are not generally valid for a full two years. If your Florida license was not issued for the full two-year biennium, you must complete one hour of CE for each month that you hold the license.	Two hours of Domestic Violence (Required every third biennium in addition to the 24 hours required for renewal.)
	16 general CE hours

Dentistry

Dental licenses must be renewed no later than midnight, Eastern Standard Time, on Feb. 28.

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
Two hours of HIV/AIDS	Current CPR certification (Must be a live course.)
Two hours of Prescribing Controlled Substances	Two hours of Prevention of Medical Errors
	Two hours of Safe and Effective Prescribing of Controlled Substances (May be included in the 30 total general hours required.)
	Two hours of Domestic Violence (Due every third biennium.)
	28 general CE hours

Dental Hygienist

Licenses must be renewed no later than midnight, Eastern Standard Time, on Feb. 28.

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
Two hours of HIV/AIDS	Current CPR certification (Must be a live course.)
	Two hours of Prevention of Medical Errors
	Two hours of Domestic Violence (Due every third biennium, in addition to the 24 hours required.)
	22 general CE hours

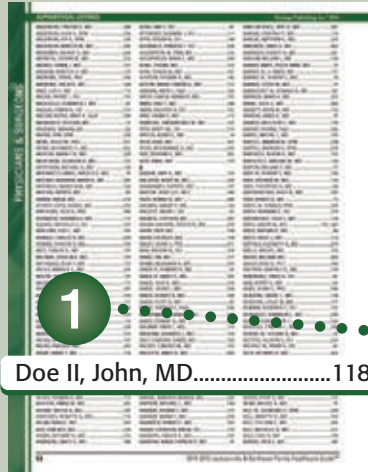

Psychologists

Current licenses expire at midnight, Eastern Standard Time, on May 31.

FIRST BIENNIUM RENEWAL	EVERY RENEWAL THEREAFTER
Two hours of Prevention of Medical Errors	35 general CE hours
	Two hours of Prevention of Medical Errors
	Three hours of Ethics and Florida Psychology Law (Of the three hours, at least one shall be on professional ethics, and at least one shall be on Florida laws and rules relevant to the practice of psychology.)
	Two hours of Domestic Violence (Due every third biennium, included in the 40 hours required.)

The Experts in Comprehensive Vein Care

If your patients are experiencing:

- Varicose Veins
- Leg or ankle swelling
- Leg heaviness and fatigue
- Leg pain, aching or cramping
- Burning or itching of the skin
- Restless legs
- Skin changes or rashes
- Ulcers, open wounds or sores

The Vein Institute Can Help!
Most Insurances Accepted

5 LOCATIONS!
SEE REVERSE FOR MORE INFO

We're thrilled to announce the merger of Ellison Vein Institute and St. Johns Vein Center into one trusted name: The Vein Institute! We believe the most effective treatments don't just address the symptoms of a medical issue but deal with the underlying causes of the condition. We offer comprehensive, minimally invasive solutions for vein health, delivering consistently high patient satisfaction across multiple locations.

Southside · Fleming Island · Ponte Vedra Beach · Riverside · Bartram

The Vein Institute meets the strictest national guidelines for vascular testing and demonstrates a commitment to providing the highest quality patient care.

- Varicose Veins
- Spider Veins
- DVT/SVT Blood Clots (Thrombophlebitis)
- Skin Discoloration of Legs
- Swelling of Lower Extremities
- Leg Pain
- Lymphedema: Evaluation & Care Coordination
- Lower Extremity Wound Care

Specializing in Cancer and Blood Disorders

At CSNF, it is our mission to provide the highest quality of care to all patients. Practicing at 13 convenient locations across North Florida, our team of experts include board-certified Medical Oncologists, Hematologists, and Radiation Oncologists. We are proud to offer cutting-edge radiation techniques and an extensive list of clinical research trials. As part of our mission to treat the whole patient, we provide support services such as an in-house pharmacy and laboratory, diagnostic imaging, social work, nutritional services, and financial counseling.

Where we CARE about Your Kidneys

- Refer your patient
with confidence

Jamal Salameh M.D.

American Board of
Internal Medicine and Nephrology

"Dr. Salameh is a preferred WebMD provider. He is a local nephrologist who has extensive experience in kidney disease, internal medicine, and critical care. He was trained at Mayo Clinic and the University of Florida for his specialties. He is affiliated with all major hospitals in Jacksonville, Orange Park and Macclenny. With over 20 years of experience, he is a tireless patient advocate and is skilled in the multidisciplinary and value based care of his patients. Compassion and intellect drive his personal relationship with his patients many of whom have his personal cell number."

Services Offered

- Chronic Kidney Disease
- Hypertension/High Blood Pressure
- Congestive Heart Failure
- Electrolyte Abnormalities
- Kidney Stones
- Dialysis including hemodialysis peritoneal dialysis and all home dialysis modalities
- Kidney Cysts and Masses
- Most Insurances are accepted including MEDICARE, MEDICAID, and TRICARE

Excellence in Vitreo-Retinal Diseases and Surgery since 1979

One of the most experienced, renowned Team of Doctors, dedicated in providing comprehensive patient care in vitreous retinal diseases and surgery. Florida Retina Institute physicians are medical doctors, fellowship trained vitreo-retinal surgeons, having completed their training at some of the most prestigious, top-rated hospitals and medical universities in the U.S. Being affiliated with the leading top hospitals in our regions, we participate in continuing medical education, research and clinical trials. Our physicians are consistently recognized and selected by their peers as Top Doctors, ranking best in the U.S. and their region.

Most all insurances accepted

Our physicians look forward to the opportunity to providing care for your patients please call to schedule an appointment.

OPTIMAL IMAGING

LOCATION AND SERVICES

MANDARIN 10503 San Jose Blvd., Suite 100, Jacksonville, FL 32257
P: 904-450-6680 F: 904-450-6694
Mon.-Fri. 7:30 a.m.-5 p.m. All modalities available.
Mon.-Fri. 5-7 p.m.; Sat. 9 a.m.-6 p.m.; Sun. 9 a.m.-4 p.m. X-rays available.

- Breast MRI
- MRI/MRA 1.5T high-field
- CT lung screening
- CT calcium scoring
- CT/CT angiography 16-slice
- X-rays/fluoroscopy (X2)
- 3D mammography
- Complimentary iSTAT services
- Ultrasound: arterial, carotid, vascular, echo

MIDDLEBURG 1726 Jeremiah St., Middleburg, FL 32068
P: 904-450-6940 F: 904-291-3268
Mon.-Fri. 8 a.m.-5 p.m.

- Breast MRI
- MRI/MRA 1.5T high-field
- CT lung screening
- CT calcium scoring
- CT/CT angiography 16-slice
- X-rays/fluoroscopy (X2)
- 3D mammography
- Ultrasound: arterial, carotid, vascular, echo

ORANGE PARK 2300 Park Ave., Suite 104, Orange Park, FL 32073
P: 904-215-2580 F: 904-215-2589
Mon.-Fri. 8 a.m.-5 p.m. All modalities available.

- Breast MRI
- MRI/MRA 1.5T high-field
- CT lung screening
- CT calcium scoring
- CT/CT angiography 16-slice
- X-rays/fluoroscopy (X2)
- 3D mammography
- Complimentary iSTAT services
- Bone density (DEXA)
- Ultrasound: arterial, carotid, vascular, echo

RIVERSIDE 2345 Forbes St., Jacksonville, FL 32204
P: 904-381-9994 F: 904-389-6866

Our first priority is you. Optimal Imaging provides high-quality diagnostic imaging care in Northeastern Florida. We are committed to bringing you care close to where you live and work. Our skilled technical staff and board-certified radiologists use the latest in diagnostic imaging and minimally invasive procedures. We combine excellent service, quality standards, compassionate care and experienced staff to provide state-of-the-art diagnostic imaging services to patients.

THE OPTIMAL DIFFERENCE

Patients and referring physicians deserve exceptional quality and service. Choose the **Optimal Imaging difference** for your diagnostic imaging needs.

- 2-hour report turnaround time
- Sub-specialty radiologists
- Jacksonville's leading outpatient imaging network
- Complimentary iSTAT services
- PET (positron emission tomography)
- 3D mammography
- Interventional procedures
- Pre-authorization services
- Same-day appointments available
- Evening and Saturday hours
- PACS | OneCare Access
- Online scheduling
- Women's Imaging Center at Southside

Where we CARE about Your Kidneys

- Refer your patient
with confidence

Jamal Salameh M.D.

American Board of
Internal Medicine and Nephrology

"Dr. Salameh is a preferred WebMD provider. He is a local nephrologist who has extensive experience in kidney disease, internal medicine, and critical care. He was trained at Mayo Clinic and the University of Florida for his specialties. He is affiliated with all major hospitals in Jacksonville, Orange Park and Macclenny. With over 20 years of experience, he is a tireless patient advocate and is skilled in the multidisciplinary and value based care of his patients. Compassion and intellect drive his personal relationship with his patients many of whom have his personal cell number."
